

## Quality Policy

PM PROJEN is a multi-disciplined Engineering Design and Project Management business serving the chemical, process, petrochemical, pharmaceutical, healthcare, utility and general manufacturing industries.

PM PROJEN are committed to provide high quality services and consistently deliver in all we do.

We will:-

- Commit to setting objectives for the improvement of quality performance and monitoring and review of its performance against these objectives
- Define the applicability within the Integrated Management System Manual, taking into account external and internal factors and interested parties.
- Use effective Management Systems to ensure that we deliver on established safety, cost schedule and quality performance targets on all of our projects.
- Use effective recruitment, training, management controls and employee feedback to ensure our work aligns with the ISO 9001:2015 principles and meets or exceeds all contractual commitments and legislative requirements.
- Through Management Review, consider needs or opportunities for continual improvement.
- Review this Policy annually, and if necessary revise the Policy to ensure it remains pertinent to the Business activities and our Integrated Management System.
